

Received quarters of the 1st Inf Regt  
Fort Houston  
With orders, signed by Genl. M. C. Lee, to replace  
Lieut. Col. Gray, whose fitter had been killed  
Robert Madden, which took in the place  
of the Lieut. of Inf. Captain, but I presume does  
not require a Major. He is now in command.

Handly - but that is about all I can say.  
was an old hand & very good  
but the last 12 months will be better
